

WARNO 2: CRITICAL INFRASTRUCTURE PROTECTION

CLASSIFICATION: UNCLASSIFIED//FOR TRAINING USE ONLY

EXERCISE WARNO 002-25

FROM: Joint Cyber Defense Command

TO: Regional Cyber Defense Units

DTG: 161400ZJUL25

SITUATION

1. **Enemy Forces:** EXERCISE - Intelligence indicates possible cyber attacks against power grid and water treatment facilities by simulated nation-state actor "Digital Storm."
2. **Friendly Forces:** Multi-agency cyber defense coalition including DOD, DHS, and private sector partners.
3. **Environment:** EXERCISE - Simulated increased international tensions affecting critical infrastructure security.

MISSION

EXERCISE - Joint forces conduct coordinated defensive cyber operations to protect critical infrastructure from simulated advanced cyber threats.

EXECUTION

Concept of Operations: Implement layered defense strategy with enhanced monitoring and rapid incident response.

Tasks:

- Sector 1: Power grid monitoring and protection
- Sector 2: Water treatment facility cybersecurity
- Sector 3: Transportation system security
- Reserve: Mobile incident response team

SERVICE SUPPORT

- Coordination with utility companies (EXERCISE)
- DHS cybersecurity resources
- Private sector threat intelligence sharing

COMMAND AND SIGNAL

- Command Post: Joint Cyber Defense Center

- Reports: Hourly SITREP during EXERCISE
- Coordination: Secure video teleconference
